

Bug Report

Scenario: Search Car Filters

```
Given the website is accessed
  Then will be showed up five fields to be filled up
  And a blue Search button
  And a notice box warning "Please fill pickup and drop off dates"
  When all fields are filled up
  And the Search button is clicked
  Then will be displayed a table informing Company, Model, License
plate, Price, Price per day and a Rent button
```

Bug: Filter Cities

Expected behavior: When select Country, a list of cities should be filtered.

Result: Cities are not being filtered after select Country

Bug: Filter Model results regarding Country and City

Expected behavior: When select Country and City, a list of Car Models should be listed only in the desired Country and City.

Result: Country and City filter are not being applied.

Bug: Filter Model

Expected behavior: When insert car model and click on Search Button, a list of car model inserted should be listed.

Result: Car model filter is not being applied and all models are displayed.

Scenario: Filling up Personal Information

```
Given the website is accessed
  Then will be showed up five fields to be filled up
  And a blue Search button
  And a notice box warning "Please fill pickup and drop off dates"
  When all fields are filled up
  And the Search button is clicked
  Then will be displayed a table informing Company, Model, License
plate, Price, Price per day and a Rent button
  When the Rent button is clicked
  Then will be displayed a summary with, Model, Company, Price per day,
Location, License plate, Pickup date and Dropoff date
```

```
When the Rent button is clicked
Then will be displayed a summary with, Model, Company, Price per day,
Location, License plate, Pickup date and Dropoff date
When fill up personal information
When click on the Rent button
Then all before information provided should be displayed
```

Bug: Rent Confirmation Page

Expected behavior: When insert personal information and click Rent Button, a confirmation page should be displayed.

Result: After clicking on the Rent Button, 404 error is returned.
